1. Go to ARDVRO Dashboard <https://app.ardvro.com>

The screenshot shows the ARDVRO Dashboard with a dark header bar containing the logo, user profile, notifications (20), and navigation icons. The main content area features six colored tiles representing different project types:

- SqlJson** (Orange): 2 SqlAPI, + Create New
- WebAppGear** (Green): 2 Websites, + Create New
- Projects** (Olive): 0 Active, 0 Templates
- Websites** (Grey): 2 Active, 0 Inactive (with a hand cursor icon over the text)
- Files** (Cyan): 10 Active, 0 Inactive
- Integ** (Blue): 0 Active

2. Click website menu on the dashboard

ARD VRO		20	📁	🌐	Websites
Label		Note			
<input type="text" value="Label"/>		<input type="text" value="Note"/>			
ardvro.net		Free Website			
customer0006.com					
customer0006.net					
mydomainname123.com					

3. Click Undeploy (Note all data will be losed).
